EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michele Conover on June 14, 2005.

The application has been amended as follows:

IN THE CLAIMS

In claim 12, line 1, delete "determining instructions for";

line 6, delete "and";

line 8, replace "." (period) with --;-- (semicolon);

line 9 (line after last line of the claim) insert and indent --handling the endoscope according to the instructions.--.

IN THE TITLE

Delete "SYSTEM AND" (first two words).

2. The following is an examiner's statement of reasons for allowance: As amended above, claim 12 now recites a step of the method directed to a practical application, namely "handling the endoscope according to the instructions". Since this step is held by the Examiner to be a

practical application of the previously recited abstract concepts, this step makes this claim statutory. Accordingly, the rejection under 35 USC 101 made in the previous Office Action, paper number 12222004 is hereby being withdrawn. Since none of the prior art of record explicitly teach or fairly suggest the method steps as now claimed, claim 12 is allowable over the prior art of record. For purposes of claim interpretation, it is noted that the term “pre-operatively” has been defined by Applicant as meaning before the operation/procedure begins (see pages 10-11 of Applicant’s remarks filed March 29, 2004). In addition, the remarks beginning at the bottom of page 6 of Applicant’s response filed April 4, 2005 make it clear that the “parameterizing” step is intended to encompass not only the recognition of physical limits but the measurement of these limits.

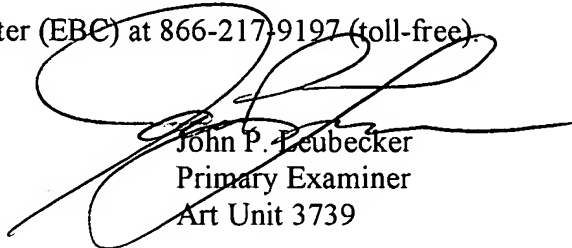

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.
